Lions Club Will Receive Charter At Hotel Reed On Thursday, October 9

Observations... By UDELL

Mr. Smith, that accident on the bridge Sunday night, could have in all probability, been avoided if a white line had been there to show the drivers the dividing line on the bridge . . . One of the drivers, of the two automobiles involved in the head-on collision, which happened rather late that night, said he could not tell when he crossed over the middle of the bridge . . . Come on Mr. Smith break down and have your men paint that line down the center . . .

The City Council this week interviewed the firms of David W. Godat and Associates, Engineers of New Orleans, and Mallette and Associates, Engineers from Jackson, regarding the proposed sewerage system for Bay St. Louis. This is a total of nine firms that have been interviewed thus far . . .

The other day Thomas Griffin, author of "Lagniappe" column in the NEW ORLEANS ITEM, carried a note about Robert Monet of Hollywood who was born in Algiers is the son of Mr. and Mrs. A. J. d'Aquin who recently moved to Waveland . . . This movie, according to Griffin, will give him his first opportunity at dramatic acting . . . He plays a supporting role to Jimmy Stewart and will sing a couple of Cajun songs . . . Mr. and Mrs. d'Aquin reside on Nicholson avenue . . .

A large number of the petition signers in Pass Christian, who favor a four-lane highway, but not a six-lane, feel it is "the duty of the highway commission to pay for replacements" involved in converting the present highway into the north strip of the proposed four-lane US 90 . . . Col. Bluford H. Balter, Pass resident, said the property owners who feel the state should pay this cost "have at heart the interest of the safety of Pass Christian residents . . . In order to rework the present highway to convert it into the north lane of a four-lane highway, it would require an expense of some \$40,000 to remove and replace water mains . . .

According to the new motor safety responsibility act, owner and operator of vehicles will be whisked off the road within 60 days if they are involved in an accident causing death or injury or property damage exceeding \$50 . . . If owner or operator has \$15,000 in liability insurance or a corresponding amount of collateral, the act will not affect them . . . Mississippi's 1952 Legislature passed the act to encourage all drivers to carry insurance . . . Those drivers without insurance or sufficient money or property will be prohibited from driving until all litigation resulting from the accident is settled . . . The new law goes into effect January 1, 1953 . . .

Local School Children Join Fire Prevention Campaign

This week, Fire Prevention Week, school children throughout the country are marching home to take action against fire hazards.

As a public service, the Hartford Fire Insurance Company has asked children everywhere to act as "Junior Fire Marshals." Through the cooperation of Hancock Insurance Agency, Hartford agent in Bay St. Louis, Mississippi boys and girls of the Bay St. Louis schools, armed with "Junior Fire Marshal Home Reports," will inspect their homes for potential causes of fire.

Mrs. Margaret Shadoin of the Hancock Insurance Agency says that Bay St. Louis teachers are doing their part, distributing and explaining "Reports" to one thousand children. "The number is especially encouraging," she explains, "because one thousand alert children mean one thousand safer Bay St. Louis homes. Talking about fire prevention is, of course, worthwhile, but actually eliminating fire perils can help save a home." More than two million children across the country are working as Junior Fire Marshals during Fire Prevention Week.

Mr. and Mrs. Steve Benigno and son and daughter-in-law, Mr. and Mrs. George Benigno, left Sunday for Houston, Texas, where they will spend a week.

Explains Election For President At L. W. V. Meeting

Walter J. Phillips, local attorney and County Representative, addressed the League of Women Voters of Bay St. Louis at its first unit Study group meeting of the season Thursday at the home of Mrs. Al Landers.

He chose as his subject the Electoral College and the difference between the electoral and popular votes in presidential elections.

The speaker explained that the electoral college is a constitutional device which was the outgrowth of the early days of the country when communication was slow and difficult and it was impossible for the average voter to know the men of talent and integrity who sought public office.

"BUT," Phillips continued, "representation of the people was essential; and, to facilitate this, the citizens chose men from their own state in whom they had the greatest confidence and left it to these men, the electors, to cast their votes for the man whom they considered most competent for this important office. The method of selection of electors to cast the state's electoral vote is regulated by the various state legislatures."

According to the speaker, since the development of strong political parties candidates and electors conforming with the principles of the party were chosen. All elected party representatives from the precincts of the county meet together and elect a county committee. These men acting as representatives of the county meet and elect a county committee. These men acting as representatives of the county, meet and elect their representatives for the state. The representatives of all the states, or delegates as they are called, meet in the national convention and select their party's candidates for the offices of president and vice-president of the United States. This same procedure is followed by each political party.

"However," Phillips added, "after the candidate is selected, there is still the problem of getting him elected since there are two or more major political parties in the United States. Each party, therefore, nominates a slate of candidates for electors. There is one elector for each representative and senator in Congress from the state and each elector is pledged to vote for the candidate of his party. These nominees for the electoral college are selected by the same group which selects the delegates to the national convention.

"Now, we have seen that each recognized party has its list of electors and the final decision rests in the number of votes given to the pledged electors of each party, for the candidate wins whose group of electors has the most votes."

Whether a vote is cast directly for the candidate of the people's choice, or indirectly for the electors who are pledged to that candidate, it is the vote, the people's vote, which will decide the winning party, Phillips concluded.

"That is why the League of Women Voters of Bay St. Louis, through every medium at its disposal," Mrs. Paul Miller, president stated, "is reminding you to go to the polls November 4 with your decision clearly and intelligently made as to how to cast your vote."

"The League is non-partisan," its president concluded, "and does not ask you to vote for any particular party or candidate, but it does wish to stress the importance of each voter knowing the issues at stake and voicing his honest choice."

Miss Rosa Zengarling, lifelong resident of Bayou LaCroix community, died at her home Saturday, September 27 at 2:30 p. m., following a lengthy illness.

The daughter of the late Barbara Hause and John Zengarling, she was the sister of Theresa and Matthew B. Zengarling of Bayou LaCroix.

Funeral services, conducted by Ann Hubbard Delta Sigma Chi Sorority's second rush party, a scavenger hunt, was held Thursday, September 28, with religious services conducted by Rt. Rev. Monsignor A. J. Gmelch at Bayou LaCroix Catholic church at 2:00 p. m.

Interment was in Bayou LaCroix cemetery.

Priests were awarded to the winning team composed of Gene Aimes, Claire Cameron, Anne Schmidt, Pam Crasto and Patsy Chapman, who returned with their entire lists completed within ten minutes.

In addition to her sister and brother, Miss Zengarling is survived by a number of nieces and nephews.

Charter night for the Bay St. Louis Lions Club will be held at Hotel Reed Thursday night, October 9.

Students of Fenestrel Dance Studio will give a 40 minute recital of ballet, tap dancing and acrobatics. Owned and operated by Miss Gerry Fenestrel, the studio has been active in Bay St. Louis for three years. Students range in ages from two to 16 years, and come from all over Hancock County.

Miss Fenestrel, who also operates a dance studio in New Orleans, has been dancing since she was two years of age; and she has had great success since taking over active instruction of youthful hopefuls. The program for the Lions will feature all local students.

Plans are near completion for the Charter presentation, which will be made to the local president, Rev. Charles S. Schultz, pastor of the First Methodist church, by the District Governor, Leon T. Peavey of Laurel, Miss.

Lions are expected to attend from Gulfport, Pass Christian, Laurel, Picayune and other cities. Sponsoring clubs are Gulfport and Pass Christian.

The program, which will start at 7:30 p. m., is expected to last for two hours.

Charter members of the Bay St. Louis Lions Club are Guy Burklin Jr., Warren Carver, Russell Chapman, W. Frank Cooper, Roy P. Craft, John Damborino, Alvin Genin, J. Cyril Glover, Roger Heitzmann, George S. Horton, Raymond F. Kidd, Cornelius J. Ladner, C. H. Parke, Emile G. Piazza, Earl Ramon I. John Scalfide, Charles S. Schultz, M. C. Souzeneau and Theodore Thomas.

A Requiem High Mass was celebrated at Our Lady of the Gulf church by Rev. Father E. P. Desmond, assisted by Father Hugh Taylor, at 10:00 a. m. Interment was in St. Mary's cemetery.

Mrs. Mauffray died in New Orleans at 12:45 p. m. Monday, September 29. She was in her 82nd year.

She is survived by a daughter, Mrs. Cyril Trust, Houston, Texas; a stepson, Julian A. Mauffray; a sister, Mary Rogers, Marshall, Texas; four grandchildren and three great grandchildren.

Pallbearers were Alden Mauffray, O. W. Delph, Carl Arnold, Julian Mauffray, Laurent L. Kergosien, and Horace L. Kergosien.

Mr. Favre served as State Deputy, State Secretary and Grand Knight of the Pere LeDuc Council during his lifetime.

Observe Anniversary

Mr. and Mrs. Walter Gex Jr., observed their 25th wedding anniversary Sunday, September 28.

Fort Monmouth, N. J.—Randolph C. Bourgeois, son of Mr. and Mrs. Randolph Bourgeois, 449 Ballantine, Bay St. Louis, received his commission today as a second lieutenant in the Army. He was presented gold bars at graduation ceremonies of the Signal Corps' Officer Candidate Department class.

The Army commission awarded Lieutenant Bourgeois, along with 53 other officer candidates, a maximum 22 weeks of intensive classroom and field instruction.

During the rigid course, general military and leadership training emphasis on operation and maintenance of Signal Corps communications equipment, were stressed, prior to OCS, Lieutenant Bourgeois was assigned at Camp Chaffee, Arkansas.

Born in Bay St. Louis, Lieutenant Bourgeois was graduated from St. Stanislaus. He entered Army service in July, 1945.

Friday's OCS graduating class of 54 is the fifteenth at Fort Monmouth since Signal Corps officer training opened here last September. In 14 previous classes, 863 candidates were commissioned.

Lieutenant Bourgeois is married and has two children, Randall Wayne, 5, and Timothy Randolph, 2. They reside at 2040 Spindletop Drive, Beaumont, Texas.

At Tuesday's meeting, which took place in the regular monthly meeting scheduled for October 7, Monsignor A. J. Gmelch spoke on the work and benefits of the Society.

Four persons were injured about 300 feet west of the draw on the Bay St. Louis bridge at 10:45 p. m. Sunday, September 28, in a two-auto collision investigated by State Patrolmen Robert Blackwell and Cecil Hinton.

Officers stated the accident took place when a 1950 Dodge, driven by Kenneth S. McDonald, 131 Davis Avenue, Pass Christian, collided with a 1949 Dodge, driven by Antonette S. Dentica, Algiers, La.

Injured were Mrs. R. S. Glimes, 37, Washington, D. C., broken ribs; John E. Kellar, 20, 3426 Student Squadron, in the Keesler AFB hospital; McDonald, cuts and bruises; and Antonette S. Dentica, cuts and bruises.

It was announced at this meeting that anyone who would like transportation to the game in Pensacola next week should contact David McDonald at 37. Any one who is going in a private car and can accommodate one or two passengers is also asked to contact Mr. McDonald.

Plans were made for the parade which preceded the first home game Thursday night.

The Parents Club of Gulfview School will hold a meeting Monday, October 6, at 7:00 p. m. at the school.

All parents who are interested in the welfare of the school and its activities are invited to attend.

Mr. and Mrs. John L. Hourbright of "Myrtle Grove Farm" celebrated their 26th wedding anniversary with a dinner on the Gulf Coast.

Helen Claire Jackson celebrated her first birthday September 20 in the home of her grandparents, Mr. and Mrs. Ben Green.

Mr. and Mrs. L. V. Strickland and sons, Eddie, Eugene and Lonnie, of Chalmette, La., spent Saturday in Lakeshore on a fishing trip. They also visited Mr. and Mrs. Malcome Green and family.

Mr. and Mrs. Eugene Jackson, Mrs. Milton Stouffer and Mrs. Ben Green motored to New Orleans Tuesday and visited Mrs. Joseph Garcia who is a patient in Baptist hospital.

Congratulations to Ben Green who celebrated his birthday September 22.

Mr. and Mrs. Monroe LaFontaine and children, Gloria, Emmett and Russell, of Gulfport spent the weekend in Lakeshore visiting Mr. and Mrs. Sylvan LaFontaine.

Friday Mrs. John Hourbright motored to Chalmette to visit Mr. and Mrs. William A. Weaver and Mrs. L. V. Strickland.

James L. Crump, Jordan River, has completed mowing his pasture, the third time this year. He is removing and mineralizing pastures early this fall, in order to produce grass and clovers for his cattle by early December. Crump has approximately 300 acres of improved pastures.

Joseph I. Toomey, District Co-operator, Kiln community mowed Bahia grass for hay this week. He planted reseeding crimson clover with Bahia last fall which made an excellent pasture. Toomey pointed out he mowed the Bahia grass, so he could renovate and mineralize his pasture, so the reseeding crimson clover could come up to a thick stand. Toomey stated that if he had not mowed the grass, the clover would not come up only in areas where the grass is not too thick. At present 7 acres of pasture is being planted to oats, Bahia grass and crimson clover. Toomey is well pleased with his Bahia grass and reseeded crimson clover pasture.

Conservation News

R. J. Rouse of Nacelle Crossing Community and J. N. Randall of Sellers received help from the Hancock County Soil Conservation District technicians to survey terraces last week. Robert Stewart is busy constructing terraces on Randall's farm.

Randall is preparing 75 acres of land to seed in pasture grasses and clover during October. Randall has applied 50 tons of lime on 50 acres last week. Randall selected Bahia grass and reseeding Crimson clover to plant in the pasture on account of his land being steep and droughty.

BIG MOMENTS FROM THE BIG MUSICIANS

What Makes a Woman CHOOSE SUCH A LIFE?

You see her walking down the street... and you wonder about her.

She isn't fashionably dressed like other women. She wears no lipstick, no make-up, no high heels or nylons. Instead of a "perky" hat, her head is covered by a hood and veil. Her dress is a billowing, full-length habit that bears little resemblance to feminine fashions.

And as she passes by, you realize that here is a woman different from others not only in dress... but in her entire way of life. Here is one who has deliberately turned her back upon the worldly pleasures which other women seek and enjoy. And perhaps you wonder why a woman should give up all this to become a Catholic nun.

Is it because she is afraid to face the world and its responsibilities? Is it because she lacks talents that other women possess and therefore seeks shelter in the convent? Is she devoid of maternal instinct? Or does she choose the life of a nun because she thinks it is easier and more secure than life in a world of fluctuating economic conditions?

No—a nun who will knock at your door asking for alms for the poor surely is not afraid of the world. A Catholic sister competent to teach in a school... and often highly gifted in the arts and languages... is surely not lacking in talents. Nor can anyone who has seen a Catholic nun mothering the sick in a hospital... or even in a leper colony... believe that she is lacking in the maternal instinct.

What is it, then, that prompts a woman to turn her back upon the easements and luxuries of the world... a life of poverty, chastity and obedience? How is it that hundreds of thousands of women do this... any of them coming from well-to-do families which could supply

their every need and wish? What is the spark that fires their zeal for God, and for humanity?

The answer is, of course, that the heart of a nun is filled with the desire to serve God. And that desire is the product of her Catholic Faith. If you doubt the compelling power of Catholic belief, remember this fact... the Catholic Church is the only institution on earth having large numbers of such consecrated women who devote their lives to the work of Christ: schools, hospitals, orphanages at old peoples' homes, and among the poor and sick in every land.

Perhaps you would not or could not become a nun, or a priest, or a religious of the Catholic Church. Perhaps you would not even want to be a Catholic. But you should inform yourself concerning the teachings and beliefs of the Church which can inspire such magnificent sacrifice and service.

MENTORARY GRADE NEWS

The elementary grades enjoyed their annual program September 28. The program consisted of two songs by each grade.

A new activity for Miss Russ's fifth grade is the Book Club. The officers are Caroline Johnson, president; Perry Patterson, vice-president; James Wattis, secretary. The Book Club meets every Friday evening and gives reports on books read during the week. They also take turns giving a current report.

Miss Tyler's fifth grade elected the following class officers this week: O'Neill Bennett, president; Harry Nease, secretary; Charles Hill, treasurer.

"The Jester Teaches Fire Prevention" will be given by Mrs. Zengarini's sixth grade Friday, October 3, at 8:45. The students participating are Charles Schultz, James Gim, Russell Sylvester, Gerald Saucier, Gayle Parker, Caroline Maurig, Cora Mae Vetter, Catherine Alliston, Sallie Chevis, Lynnette Kergosien, Raymond Ellis, Johnny Smith, Berlin Webb and Louis Palmer.

Mary Lee Duke, Rose Mary Saucier, Judith Fletcher, Paula Kimrell and Barbara Fayard will give "The Land for You and Me," followed by a song, "America The Beautiful."

FOOTBALL

The Bay High Tigers will tangle with the Pass Christian Pirates Thursday night at 8:00 p.m. at the St. Stanislaus stadium. This was the Tigers first home game and their second of the season, losing their initial encounter to the Long Beach Bears last week.

According to Coach Nobles the Tigers will be in good physical condition and should be ready to give the more experienced Pirates a run for their money.

The Pirates are also looking for their first win. So far, their record is as follows: Pass High 13; Demonstration 13; Pass High 0; Long Beach 13; Pass High 6; Perkinston 6.

Captains for Bay High were Hugo Favre and Herman Poillion; fullback and right halfback, respectively. Teamming with these two boys were Billy James or Tomell Randolph at quarterback, Bill Carr or Ronald Landers at left halfback, Frank Wheat or Marvin Dorr, center; Kent Sellier or Ray Smith at left guard; Robert Miller or Donald Peterson at right guard, Penny Cole and Rupert Ireland, tackles and Mike Murphy and Malcolm Moreau at ends.

Others who have been showing up well in practice and saw plenty of action were Donald Cole, defensive linebacker; Charles Tarrells end; Ray Dawson, back and Charles Seale, back.

CONDUCT SCREENING

Dr. Charles Durkee of the Psychologists of Mississippi Southern College with his assistant have been conducting a screening examination for handicapped children Tuesday and Wednesday of this week to determine the pupils who are eligible for consideration in this program.

Sixteen children have been examined and the requirement for organizing a class is a minimum of five; so, we feel confident that the class will be organized for these handicapped children in a short time.

MISS C. TURCOTTE

Mrs. Louisa Favre Hart, wife of Alec Hart Sr., died at her home in Kiln at 3 o'clock a.m. September 29. Born and reared in Kiln, she had lived here all of her life.

She is survived by her husband; three daughters, Misses Lillie and Bessie Hart and Mrs. Carrie Travica, all of Kiln; and three sons, Laurence Hart of Baton Rouge, La.; Alec Hart Jr., of Pascagoula, Miss.; and Christian Hart, of DeLisle, Miss. Also surviving her are one brother, Adolph Hart Sr., of Kiln; and two sisters, Mrs. Elsie Cue of Bayou LaCroix, and Mrs. Carrie Campbell of Kiln, a number of nieces and nephews and grandchildren.

The funeral was held Tuesday, September 30, at 10 o'clock A.M. in the Church of the Annunciation at Kiln with Father Ernest Hill officiating at the requiem high mass. Interment was in the Bayou Coco cemetery.

NEW DRINKING FOUNTAINS COMPLETED

A new type of drinking fountain, which has been inspected and approved by the Health Department, has been installed at Kiln School. The Sanitary inspector declared it one of the best he had ever seen in this section of the country.

The senior class has launched a new and profitable project in order to finance their plans for this session. They are selling candy at recess and noon to the children at school, and hope to equip a candy shop to use for this purpose.

DEDEAUX BOWS TO KILN IN SOFTBALL

Friday, September 26, Kiln played Dedeaux softball game here. Both games, boys and girls, were won by Kiln. The girls won by a score of 6 to 3 and the boys by 19 to 2.

Beverly Mauffray, Lorean Lee and Myrna Rae Ladner tied for most runs scored.

The highlight of the game came when Russell Mitchell of Kiln hit a home run with the bases loaded. Russell drove in 8 of the 19 runs, scoring two and getting three of four at bat.

A Burning Issue

In every national election when radios vibrate and presses throb with political static, and now television quivers with emotional appeals to our patriotism, it is no simple achievement to select the burning issues from so much commotion.

One of the failings of our kind in politics is to confuse personalities with principles and magnify the virtues or the sins of some particular candidate. Probably we were never before so politically bewildered. Party lines are being crossed and recrossed as the issues at stake are lost in a smoke-screen of rhetoric and propaganda.

Whatever may be one's personal preference or political convictions, we must all agree upon the importance of at least one burning issue which is the matter of money. Any one old enough to know that two plus two makes four, realizes that this country cannot continue to squander its substance, waste its resources and exhaust its energy and stay solvent. We can spend and spend, and tax and tax until we break the back of our national economy, destroy the initiative and undermine the character and strength of our people.

With most of the world already bankrupt, the solvency of America is essential as a stabilizing influence in keeping

the financial structure of our economy and that of others intact.

Should we reach the cracking point in our government's spending spree the whole world could face a major catastrophe. It is but natural for people to vote for the candidate who promises to give them the most. But, logically, the best man for office would be the one who promises the people less and less. So many have pulled the leg of rich old Uncle Sam at home and abroad that his vast fortune begins to shrink. It would be a sad awakening one day should he find that while we slept his pockets were picked.

America will live within its means, balance its budget, pay its debts and reduce its tax burden or suffer the consequences of its foolish follies in financial disaster. Extravagance encourages corruption and, though money is a blessing, it is also the root of all evil. We cannot escape the law of compensation; no congress, no court and no bureau can repeal it.

So the burning issue in this campaign may be a sane, safe and sound federal, state and local economy. The nation and the individuals who compose it can prosper only in proportion to the labors, the prudence and the frugality of the people and the government.

GIRL SCOUTS CELEBRATE ELEVENTH BIRTHDAY

Scouts of Troop No. 1 under the leadership of Miss Adele Bielenberg met Monday afternoon to celebrate the eleventh anniversary of the troop's organization. The girls and their leader gathered and staged a pie party across from the 300 block of East Beach. They received flowers and cards of congratulations. Dr. Willis G. Clark penned a "Toast to the Girl Scouts" which was read at the meeting. Games were played and a birthday cake, decorated with the Girl Scout trefoil, was served with ice cream.

The scouts will have two more birthday celebrations this year.

The National Girl Scout Occasion is celebrated every year during the last week in October because the movement's founder Juliette Low's birthday is October 31.

During this week girl scouts make a special effort to show the community what they are doing.

Beginning with the sabbath, week runs: Girl Scout Sunday, Home Making day on

Monday, Citizenship Day on

Tuesday, Health and Safety Day on Wednesday, International Friendship Day on Thursday, Arts and Crafts Day on Friday and Out of Door Day on Saturday.

Also, March 12 is a day to be

celebrated. That is the date the first troop was formed in this country.

LARGEST ENROLLMENT IN ELEMENTARY GRADES

According to Miss Naomi Saunder, principal of the Elementary Department of the Pass Christian public schools, there are 172 students enrolled in her school this year. "This is the largest enrollment we have ever had," Miss Sauder declared.

Thirty pupils to a room is considered "normal" in public school teaching and none of the rooms are overly crowded this year.

Some grades may have three or four pupils over the normal enrollment.

"Fire Prevention Beats Quenching"
Take Care Of Fire Hazards Now!

By HOWARD SIMMONS

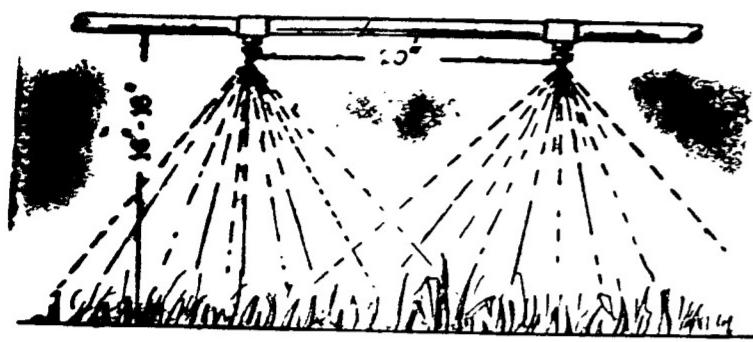

FIRE PREVENTION

Did you know that every 15 minutes a farm building burns somewhere in the United States? Now is a good time to take steps to prevent yours being the next one to burn.

Defective, sooty and poorly constructed chimneys; defective stoves and furnaces, careless smoking habits, improper storage of gasoline and kerosene; un-

safe, overloaded or defective electrical appliances and wiring; plus sparks falling on combustible roofs; spontaneous combustion of hay and failure to protect buildings with lightning rods; account for 90 percent of all farm fires.

October 5-11 is National Fire Prevention Week and will be observed in Mississippi as in the rest of the nation. This is a good

Cotton sprayers and dusting can be used to control grass worms in pastures and fall grazing crops, according to A. G. Bennett, entomologist of the Agricultural Extension Service. Two pounds of technical toxaphene or 1 pound of technical DDT per acre will give control. For spraying, use a No. 3 tip, 40 pounds pressure and speed of 4 miles per hour. Adjust spray tips 16 to 18 inches from the ground, and 20 inches apart. If dusting, adjust spouts to give good coverage. Keep cattle off the treated area for 10 days to 2 weeks.

Make sure you are prepared to fight fire if it does break out. Have hand extinguishers, water containers, ladders, hose, shovels, and rakes ready for instant use when needed.

However, remember "Fire Preventing beats quenching."

Fire prevention is not a one day, one week or one year problem. It is a problem that should be in a farmer's mind at all times. Remember FIRE STRIKES WHEN YOU ARE CARELESS.

HOG PRODUCTION

Now is a good time for those who made good corn crops, to increase their hog holdings. Due to a poor corn crop generally, many producers are either selling out or drastically reducing hog numbers.

Producers should hold on where possible. Save the best animals and be ready when the feed situation improves.

By planting fall and spring pastures, hog producers can greatly supplement limited grain. Plant rye, wheat, or oats alone for winter grazing, or in combination with white, red or crimson clover for spring and early summer grazing.

Good pastures with a little grain will maintain hogs in good condition until corn harvesting time in 1953.

MILK PRODUCTION

Roughage and grazing are needed to keep milk production up at this time of year. See that your cows can get all the roughage they can eat from good grazing and hay or silage.

The demand for milk should be greater and the price better this winter than it has in any previous winter. So keep up that production.

Feed grain in proportion to the

individual production of cows, practice regularity of milking and milk rapidly. Prepare barns now for winter housing. Comfortable housing toward higher production and more economical production. Too, keeping cows off cold wet ground helps to prevent mastitis.

Heifers

are your future herd.

Treat them for internal parasites in October. Follow with a second treatment three weeks after the first treatment. Feed is too scarce and high priced to feed it to stomach worms all winter.

Notes For Dove Hunters

Dove hunters are urged to clip the right wings of all doves they shoot and send them, along with any leg bands found, to the State Game and Fish Commission, Box 451, Jackson, Mississippi.

Biologists use the wings and

bands to determine ages and migratory habits of doves in Mississippi. Shooters can give wings and bands to local wardens if they wish. Please give the date killed.

Studies will be made of the primary coverts and the primary wing feathers to determine the approximate age of the dove. The extent of the moult of these particular feathers is the basis for studying the aging process. No preservative is needed to mail

the wing. Simply use a fairly heavy weight envelope.

The dove season in Mississippi is divided into two sections. The first is from October 15 through October 29, 1952 and the second division is from December 27 through January 10, 1953. Daily limit is eight and possession limit is eight. Shooting hours are from 12 o'clock noon until sunset each day of the open season.

Balfourine-Scianna Wedding Held

New Medical School, Hospital To Be Heart of State Program

Champions in Mississippi's age-old battle to provide needed medical care for the state's 2 million widely scattered rural citizens may look forward to a new array of recruits and weapons upon completion of the new \$8,500,000 University Medical School and Teaching Hospital in Jackson sometime within the next two years.

Establishment of this first school and hospital of its kind in Mississippi history will create the heart of a system of local and regional hospitals provided in recent years to bring modern medical science within the reach of everyone.

The centrally located Jackson medical training school, one of the final links in the long range war on disease and sickness, not only will train doctors, nurses and other hospital technicians for the fight, but will provide a center of research, education, prevention and patient care.

The teaching hospital itself, part of the centrally located overall planned facilities for a modern medical college, will be completed by Mississippi's largest, boasting 350 beds and facilities for the care of 50,000 outpatients annually. Eventual expansion will provide for 525 beds.

The school itself, providing the first 4-year medical course ever offered in Mississippi and under the supervision of the University of Mississippi School of Medicine which was established in 1902, will care for 320 student doctors with an eventual 400 enrollment possible.

Mississippi's doctor shortage, especially in remote rural sections, has been acute for many years; a state-supported schoolship plan for training physicians upon the condition that they return upon graduation and practice for a required time in a rural community.

Although the state has conducted a highly successful and widely recognized health program for years, the serious shortage of hospital facilities was brought to light in 1946 through a survey which showed a shocking shortage of beds.

Quick to recognize the emergency, the legislature in 1946 appropriated funds and set up the Commission on Hospital Care to undertake a survey through federal funds made available under provisions of the Hill-Burton Bill passed by Congress.

The most recent survey made five years later shows that 37 new hospitals providing 1,331 additional beds had been constructed under the program. Whereas 24 counties were without hospital facilities in 1946, the number has dwindled to only 11 today and most of these have hospitals in adjoining areas.

The average Mississippian, as a result, is today within an average of only 25 miles from hospital facilities.

The scheme of the hospital program in Mississippi has followed as nearly as possible the practice of taking the hospital to the patient rather than trying to bring the patient to the hospital. This system provides the rural, the semi-rural hospital, and now the medical center in Jackson. Thus the doctor can have facilities at both the local and regional levels, and patients can enjoy the benefits of local treatment plus the advantages of higher level research, skill and highly specialized medical care.

The growing need for the medical school and base hospital as a part of this system was recognized by the legislature in 1950, which made an appropriation of \$1,000,000 for the building of the school and hospital, with the remainder to be added

Above is shown the architect's conception of the new \$8,500,000 University Medical School and Teaching Hospital which is expected to be ready for occupancy within the next two years. The school, first 4-year medical college in Mississippi, will provide facilities for 400 students. The hospital, to be the biggest in the state, will boast 350 beds. An outpatient department is expected to care for 50,000 patients annually.

\$3,000,000 of federal funds and \$1,500,000 of Hinds county funds will be used for construction of the teaching hospital.

In order to make Mississippi's new school-hospital one of the best in the nation, the State Building Commission which administers the Hospital Care, the Commission on Hospital Care, a special advisory committee of physicians, and an association of architects worked hand in hand in studying and planning the huge project.

Architects Malvane, Naef and Overstreet were assigned the job of designing plans, and because of its importance immediately formed an association of the three to do the job.

Working closely with the state agencies and the architects was a special advisory committee composed of a representative of the State Medical Association, Dr. T. C. Ainsworth of Jackson; Dr. David Wilson also of Jackson; Dr. D. S. Pankratz, dean of the University of Mississippi school of medicine, and Dr. J. C. Bachmeier, former dean of the University of Cincinnati School of Medicine, and more recently director of the Medical Clinic of the University of Chicago, and past president of the American Association of Medical Colleges.

A thorough and careful study of the needs of the school and hospital was made. Experts in every field of medicine and hospital administration were called in, and hospitals and medical schools from California to the East Coast were visited and inspected.

In size and application the Van Buren University medical school compares favorably with the work done undertaken in Mississippi, and was thus studied even more thoroughly than a dozen or so other schools. Each unit of the proposed college-hospital was first treated separately before the overall plans were drawn in an effort to gain the greatest efficiency for the institution.

The project on which work is expected to begin in November is considered to be one of the outstanding in the nation, probably the first of its kind started from "scratch."

Dr. Donald G. Anderson, secretary on medical education and hospitals for the American Medical Association which must approve Class A medical schools, says it's "one of the nicest he's ever seen."

The entire building, an integration of the Medical School with the Teaching Hospital, contains 468,000 square feet of floor space, 224,000 of which are allocated to the school, and 212,000 for the hospital, with a 32,000 foot service wing.

ber 28, at 3:00 p.m.

The double ring ceremony was performed by Rev. Father Edward P. Desmond before an altar banked with white gadioli and white chrysanthemums.

During the ceremony, Mrs. Billy McLain, accompanied at the organ by Professor J. Hammersbach, sang "Ave Maria."

Entering on the arm of her father who gave her in marriage, the bride wore an ankle-length gown of imported French lace over candlelight satin. The tight-fitting bodice was finished with a stand-up collar and long sleeves. The full skirt was scalloped at the bottom. Her finger-tip veil of illusion was held to the head with a spray of fleur d'amour. She carried a cascade arrangement of a white orchid and fleur d'amour on a prayer book.

Mrs. Nina Davis, the bride's sister, was her only attendant. She wore a pale blue ballerina length gown of lace over satin. The fitted bodice was made with a scalloped off-the-shoulder neckline. She wore a spray of yellow carnations on a blue lace hat on her head and carried a crescent-shaped bouquet of yellow carnations.

The bridegroom's only attendant was Curtis Lowry of Hattiesburg, Miss.

At the reception held at the Knights of Columbus hall, the bidden party was assisted in receiving by the bride's sister, Miss Frances Faucieta, who wore a navy blue ensemble with navy accessories.

For traveling, the bride wore a brown and tan faille suit with brown accessories and an orchid corsage.

Upon their return, they will be at home in an apartment on Ulman avenue.

The bride is a graduate of Bay High in the class of 1952; the bridegroom, a graduate of Pass Christian High School, is employed in Gulfport at BY's Grocery Store.

Out-of-town guests were Mr. and Mrs. Anthony Sunseri, Mr. and Mrs. Anthony Scianna, Mr. and Mrs. Charles Sunseri and Mrs. Louis Castillio and son of New Orleans; Mr. and Mrs. Charles Horrigan Gulfport and Pete Faucieta, Galveston, Texas.

Survivors include his widow; two sisters, Mrs. Smith of Bay St. Louis and Mrs. Lucille Humphries of Monroe, La.

Mr. Lester J. Smith, received news Wednesday of the death of his brother Hal W. Vaughan, of Fort Wayne, Indiana, who expired early Wednesday morning.

Mr. and Mrs. Charles Scianna and Miss Udel Favre spent several days last week in New Orleans as guests of E. M. C. and Mrs. Leslie E. Blaize.

Mr. and Mrs. John A. Egloff, father and mother of Janelle Egloff, daughter of Mr. and Mrs. John A. Egloff, were given a surprise party on the occasion of her 14th birthday Sunday, September 28, at her home on Main street.

Co-hostesses were her mother and sister, Miss Marlene Egloff.

A pink and white color scheme was carried out in the decorations and refreshments, and dancing was the feature of entertainment.

Guests were a group of Janelle's teen-age friends.

—Jeffery Favre, son of Mrs. A. G. Favre, left Thursday morning for Jackson where he was inducted into the Army. From there he will leave for Officers Candidate School.
